

CLIZBE BRO.'S *Automatic* *"Star" Sickle and Tool Grinder.*

TEN REASONS

WHY THE STAR IS THE BEST
 MACHINE FOR DEALERS: ❖ ❖ ❖

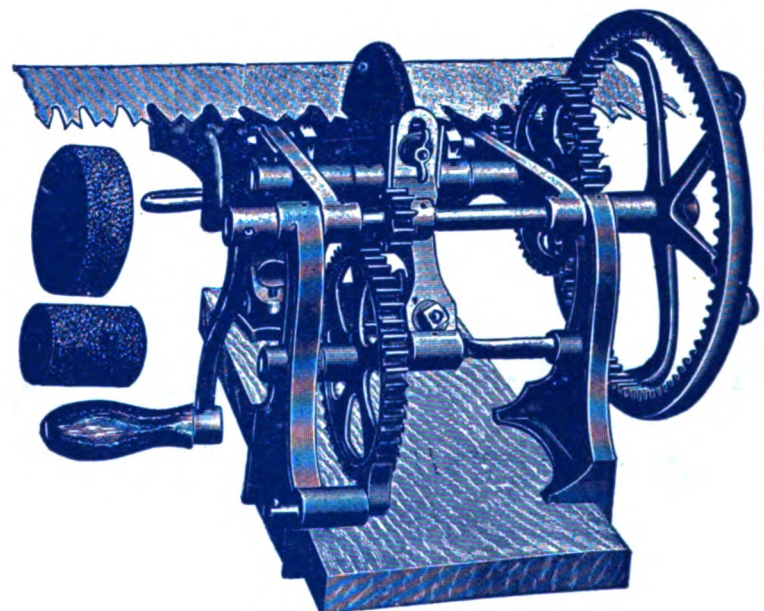

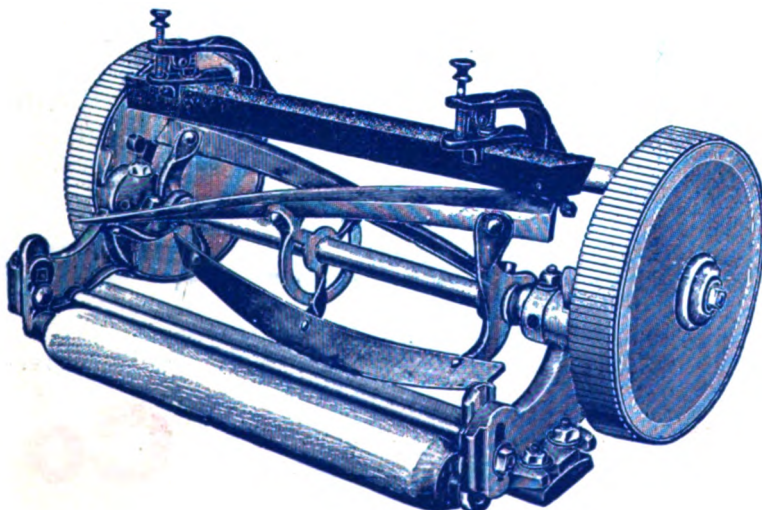

1. It grinds three times faster than any other. Speed of stone, 3,000 turns per minute.
2. Adapted to all kinds of grinding and saw gumming, and is used the year round.
3. Grinds all but the last half of the last knife. (See out.) This is impossible with any other.
4. Perfect simplicity, a boy can handle it. Can be changed to a Tool Grinder in one minute.
5. Grinds a perfect bevel on new or old knives, and positively cannot grind out heel, nor grind off the points.
6. Knives are set so you can see what you are doing. It grinds out the nicks.
7. It can be taken to the field with mower, works well on the ground, doesn't have to be fastened to wheel of mower.
8. Guaranteed to do good work when properly adjusted and against breakage in transit. Stones are guaranteed for one year.
9. Our prices are cheaper than you can buy a so-called Sickle Grinder for.
10. These machines are endorsed by all leading harvesting machine companies in the United States.

❖ NEW STAR ❖

Lawn Mower Sharpener.

Old mowers' knives are made true. New knives are kept true by using the Star Sharpener. This device makes good mowers out of old ones. Makes poor ones do good work and makes good ones work perfect, because sharp.
